which has a poetic and traditional tone, and modern usage, which helps readers understand the text without difficulty.

Translation Approach

The translation approach in Amharic Bible 81 tends toward a formal equivalence, aiming to preserve the meaning of the original Hebrew, Aramaic, and Greek texts. While some passages are rendered literally, others are paraphrased to enhance comprehension without sacrificing doctrinal accuracy.

This approach allows readers to engage with the text deeply, understanding both the literal words and the spiritual lessons conveyed. The translators also paid attention to cultural nuances, ensuring that metaphors, idioms, and references are meaningful within the Ethiopian context.

Textual Sources

The edition likely draws from the Masoretic Text for the Old Testament and the Textus Receptus or other Greek manuscripts for the New Testament. The choice of sources influences the translation's theological stance and textual fidelity.
